## HEAD COACH DAWN CHAMBERLIN

Now in her eighth year as head coach of the Salisbury State University field hockey program, **Dawn Chamberlin** already ranks among the most successful coaches in the school's history. During her first seven seasons, the Sea Gulls have qualified for the NCAA Tournament six times, with three appearances in the Final Four. The program has produced 13 national All-Americans and 33 all-region players. SSU's 86-38-8 record under Cham-

berlin translates to a winning percentage of .681. Additionally, Chamberlin has been honored as the CFHCA South Region Coach of the Year two of the last four years.

Chamberlin is a 1985 graduate of the University of Iowa, where she was a four-year letter-winner on the highly successful field hockey team. The Hawkeyes won the Big Ten championship outright from 1981 to 1983, before sharing the top spot in 1984. The '84 squad finished second in the nation. Chamberlin, Iowa's co-captain as both a junior and senior, was also a member of the national indoor championship team and was selected to the All-Big Ten team during her senior year.

While at Iowa, she also received the Women's Intercollegiate Athletic Academic Award (1982-1985) and the Physical Education Academic Achievement Award (1983-1985). Chamberlin, who also coaches the SSU women's lacrosse team in the spring, earned her Masters of Education from Salisbury State in 1987. She served as SSU's assistant coach for field hockey in 1985 and 1986 before becoming the head coach in 1987.

## A TRADITION OF SUCCESS

During the past decade, the Sea Gulls have emerged as one of the premier field hockey programs among NCAA Division III institutions. Salisbury State is one of just five schools to have captured the national championship since its inception in 1981, turning the trick with a 21-0 campaign in 1986. Since their first visit to the NCAA postseason tournament in 1984, the Gulls have become a regular contender for the national title, with appearances in nine of the last 10 NCAA postseason tournaments.

In addition to the national championship in 1986, SSU has advanced to the Final Four on three other occasions, finishing as a national semifinalist in 1987, 1988 and 1992. Additionally, the Gulls were national quarterfinalists from 1989 to 1991, losing in two of those three years to the eventual national champion in the round of eight.

The Sea Gulls notched 10 consecutive winning seasons from 1983 to 1992, and finished in the top 10 in the final rankings in each of those seasons. SSU has achieved at least 11 wins in 10 of the last 12 seasons. In Dawn Chamberlin's seven seasons as head coach, the Sea Gulls have averaged 12.3 wins per year, and have finished third in the nation twice.

Quality programs are comprised of talented individuals, and the Sea Gulls have certainly had their fair share in recent years. Salisbury State is well represented on the national and regional all-star teams each season. During Chamberlin's first seven seasons, the Gulls have produced 13 national All-Americans and had a total of 33 players selected to the all-South Region team. Additionally, Chamberlin has been honored as the region's Coach of the Year in both 1990 and 1991.

## SSU's ATHLETICS PHILOSOPHY

---

Salisbury State University, a member of the National Collegiate Athletic Association's (NCAA) Division III, offers 19 intercollegiate sports for men and women. In addition to NCAA membership, SSU competes as a member of the Capital Athletic Conference (CAC) and the Eastern College Athletic Conference (ECAC).

As a member of the NCAA's Division III, Salisbury State places the highest priority on the overall quality of the educational experience. In doing so, it seeks to strengthen the integration of objectives and programs in athletics with academic and developmental objectives, and to assure the integration of athletes with other students.

SSU places special importance on the impact of athletics on the participants, with emphasis on the internal constituency (students, alumni and special friends) rather than on the general public and its entertainment needs.

The Salisbury State University athletics program is further characterized by the following principles:

- \* Participants receive the same treatment as other students. They have no unique privileges in admission, academic advising, course selection, grading, living accommodations or financial aid. Similarly, athletes are not denied rights and opportunities that would be available to them as non-athletes.

- \* Sports for men and women are given equal emphasis and the desired quality of competition is similar in all sports.

- \* SSU supports students in their efforts to reach high levels of performance by providing them with adequate facilities, competent coaching and appropriate competitive opportunities with students from similar institutions.

- \* SSU strives to make the student-athlete's participation in intercollegiate athletics an enriching experience, and holds genuine concern for each participant's welfare. The intercollegiate program's foremost goal at all times is to supplement and enrich the first priority of the University, which is academic accomplishment.
